BAND FUND GROWS

AGREEABLE ADDITION MADE BY COLLECTORS YESTERDAY.

MORE THAN HALF RAISED

If Maryville Citizens Get Behind the Movement Campaign is Bound to Be Successful.

An agreeable addition to the band fund was made yesterday and this morning with but a few hours work. There will be a continuance of the soliciting until the entire sum is raised. No objections were received and many new subscribers to the fund insisted that the band must not leave Maryville.

"We could not afford to have the band taken away from us," was the universal statement as man after man placed his name on the list.

Chas. Buhler was assisted by Secretary E. M. Claypool yesterday in the absence of both E. E. Williams, chairman of the finance committee, and W. C. Pearson, member of the special band fund committee, from the city. More than half of the fund has been raised. If every Maryville citizen gets behind the movement as have those who are already on the list there will be no doubt as to the success of the campaign.

Names added to the list since those published yesterday follow: William Everhart, Price & McNeal, Linville Hotel, Landon Music company, Yeo Brothers, Graham-Latimer company, South Side Bakery, Gaugh & Woodworth, J. C. Denham, Free Light company, George Bramble, Maco Print Shop.

Those already on the list are:

Farmers Trust Company, Nodaway Valley Bank, First National Bank, Real Estate Bank, D. R. Eversole & Son, Alderman-Yehle Dry Goods Company, H. L. Haines, N. Schumacher, F. P. Reuillard, Curfman Lumber Company, Remus Mercantile Company, New York Candy Kitchen, Bee Hive Shoe Store, Corwin-Murrin Clothing Company, F. P. Robinson, Holmes Jewelry Company, J. C. CITY MANAGER BILL TO PASS

Chairman of Legislative Committee Sends Word to Commercial Club of Progress of Measure

That the City Manager bill for cities of the third class in Missouri will receive favorable attention and probable action at the hands of the senate at Jefferson City seems evident from a telegram received by the Commercial Club today. It came from L. B. Landman, chairman of the legislative committee of the City Manager League. It follows:

"Can get city manager bill through house, can get it out of senate municipal committee. Wire your own and each senator."

This is of interest to Maryville citizens because of the fact that this city comes within the scope of the third class limit and will be in a position to adopt the new form of government.

A telegram signed by several citizens interested in the success of the measure will be sent tonight.

COUNT ZEPPELIN DEAD

Inventor of First Practical Dirigible Balloon Dies of Pneumonia at Home Near Berlin.

Special to The Democrat-Forum.

Washington, Mar. 9.—Grief over the failure of his dreadnaughts to bring the war to a speedy ending, and sorrow at the loss of the lives of noncombatants in the air raids on England hastened the death of Count Ferdinand Zeppelin, who died yesterday morning at Charlottenburg, near Berlin. His illness was caused by pneumonia.

Count Zeppelin became famous at the age of 70 as the builder of the world's first practical dirigible balloon. On his seventy-fifth birthday anniversary, he navigated his twentieth airship to celebrate the occasion. But before he achieved fame, he had devoted a half century of his life, exhausted a personal fortune of $750,000 and sacrificed a brilliant career as a German cavalry leader in conquering the air.

Mrs. Preston Seafers and Mrs. Cooper Gooden visited in Savannah today.

SPRING PLANTING

HERE ARE SOME HOMES THAT HAVE MODEL LAWNS.

ALL OF AVERAGE SIZE

If You Have A Well-Kept Lawn 'Phone Us and Your Name Will Be Listed.

The time will soon be right for the spring planting, for determining what shall be done with the back yard and the front yard. The lawns must be carefully tended in order to yield their full measure of greenness and velvetiness. Then there is the planting to look forward to. Home owners interested have already decided what shrubs and plants they will grow for the coming season, but perhaps they have not quite determined upon a plan for planting.

A walk through the residence district of Maryville will reveal a number of beautifully arranged lawns and artistically planted shrubs. A list, which is not exhaustive by any means has been prepared by an interested person, who considers the planting plans used at these homes, worthy of consideration and inspection. Here are the residences:

Dr. W. M. Wallis, Jr., 311 West First street.
L. E. Forsyth, 941 West Third street.
W. A. Rickenbrode, 933 West Third street.
W. G. Price, 221 West Thompson street.
W. J. Toel, 204 East Thompson street.
G. H. Colbert, 223 East Seventh street.
J. R. Brink, 317 East Sixth street.
Joseph Jackson, Jr., 421 South Main street.
Ralph Eversole, 303 South Buchanan street.
F. M. Martin, 222 West Cooper street.
C. H. Belting, 1005 North Oak street.

The above properties are those of the common small size. No inclusion is made of the larger properties which vary in their planting from a wilderness of trees and a tangle of shrubbery to a bare unattractive landscape where no planning is used at all. Many of these large properties, however, are beautiful even if they do lack any systematic plan.

If you have an attractive lawn and consider your garden designs worthy of mention, tell us about it and we shall be glad to mention your name for the benefit of those who will begin lawn decoration this season.

STATE NORMAL FUND CUT

House Passes Bill Allowing Maryville Total of $153,000 of $30,000 Less Than Recommended.

Jefferson City, Mar. 9.—The educational appropriation bill, as it passed the house, allows the Maryville Normal a total appropriation for the 1917-18 period of $153,000, which is some $30,000 less than the junketing committee recommended. But practically all Missouri educational institutions, from the university down, with the single exception of the School of Mines at Rolla, enacted the role of Mother Hubbard this session. When they went in search of appropriations, they found a bare cupboard.

The Maryville Normal will get $130,000 for salaries, as against $132,000 two years ago; $12,000 for coal, supplies and equipment as against $17,500 two years ago; $1,000 for campus as against $2,500 two years ago, and $7,000 for farm buildings and equipment as against $12,000 two years ago. The library appropriation is left the same as for 1915—$3,000.

A STORY FROM NODAWAY

Missouri Woman, March Number Contains An Account of December "Get-Together" Meeting.

The following article was in the Missouri Woman, March number, and gives an account of the "get-together" meeting, held in Maryville for the club women of Nodaway county, December 9, 1916:

One hundred and forty-two club women responded to the invitations sent out by the club women of Maryville to attend the "get-together" and "friendship" meeting which was held December 9, in the rest rooms in the court house.

The affair was arranged for Saturday as a winding up of the Rebate week which was conducted all week by the merchants of Maryville, and also for the purpose of broadening the field of club work, both in town and county.

The hostesses for the afternoon were the women of the Daughters of the American Revolution, members of the Twentieth Century club, I. X. L. Embroidery club, Penelope Embroidery club, P. E. O. chapter and the Mutual Improvement Circle.

From the time the reception started—a little after 1 o'clock—until its close at 5:30 o'clock a constant throng of women visited the rest rooms. They admired the decorations, which were suggestive of the coming Christmas time without having the appearance of "rushing the season." They enjoyed the tea, which was served by the city women beneath the soft light of the candles on the table.

But, above all, the opportunity to meet the city club women, to enjoy a social chat, to exchange views on the topics of the day, and to feel that Saturday was a "red letter day" in Nodaway county club history—these were the things that counted with the visitors and made them glad that they and arranged their business so that they might be present.

The city club women are elated over the success of their plan and feel amply repaid for the work done. They consider it a good omen that over half of the invitations they sent out met with a warm response from the country women, and they believe that a new era in organized club work has dawned for Nodaway county.

SECRETARY TUMULTY PROMISES TO LET SENATORS KNOW SOON

Senate Changes Rules By A Vote of 76 to 3—Discussion May Be Limited by Two-thirds Vote.

Special to The Democrat-Forum.

Washington, Mar. 9.—Speaker Clark got in touch with Secretary Tumulty this afternoon and asked him if he would learn whether or not there was going to be an extra session. He told him that it was imperative that a statement of the President's intentions in this regard be communicated to the members of both houses at once. Many members, he said were "up in the air," not knowing whether they were going to get to go home. Tumulty promised to let the speaker know the wishes of the President as soon as possible.

The state department is still without official word this afternoon of the reported realease of the Yarrowdale prisoners, but that they have been liberated is indicated in a cable to Ambassador Willard made public this afternoon.

Washington, Mar. 9.—By a vote of 76 to 3, the Senate passed an amendment to the Senate's rules, giving two-thirds of its members power to prevent filibusters and to limit debate. Senators Gronna, La Follette and Sherman voted against the measure. The voting followed a long debate on the question.

Senator Hardwick said he would vote for the resolution reluctantly, because it strikes down 'the last citadel against despotic, autocratic power," in the president.

Senator Townsend, criticising the president for issuing his statement on March 4, declared he also would vote for cloture reluctantly.

"If the question was other than of international importance and the executive had criticised the senate as he did, senators would possibly propose an investigation," he said. "I regard it as little less than an outrage, that the executive should have used such language in characterizing the senate, or senators. It was unjust, undignified, and almost unconstitutional on the part of the president."

The Michigan senator said he believed an extra session should have been called by the president to begin March 5. The president's statement, he asserted, was "unwise, unfortunate, unjust, and I believe unconstitutional."

Senator LaFollette declared that when the power to free debate in the senate is taken away "you let loose forces that will be heard elsewhere if not here."

He said congress in the last three years had become a rubber stamp for the executive.

"With this sort of rule and an iron hand laid on this body from outside," he said, "with congress reduced in the last three years to little less than a rubber stamp, do you not think this sort of cloture would be pretty effective? Believing that I stand for democracy, for the liberty of the people of this country, I shall stand while I am a member of this body against any cloture that imposes limitation on debate in this body."

Expecting Extraordinary Session.

Washington, Mar. 9.—Members of both houses today had themselves in readiness for quick action in response to Wilson's call for an extraordinary session.

Need Attention in March or Face May Stay Covered.

Now is the time to take special care of the complexion if you wish it to look well the rest of the year. The March winds have a strong tendency to bring out freckles that may stay all Summer unless removed. Now is the time to use othine—double strength.

This prescription for the removal of freckles was written by a prominent physician and is usually so successful that it is sold by druggists under guarantee to refund the money if it fails. Get an ounce of othine—double strength, and even a few applications should show a wonderful improvement, some of the smaller freckles even vanishing entirely.

FOR GOOD HEALTH AND LONG LIFE

Do not eat meat more than once a day. Drink plenty of pure water, exercise outdoors, and take a pleasant laxative at least once a week. Such a one is made of May-apple, root of jalap, juice of aloes, sugar-coated, and first made up and sold as Dr. Pierce's Pleasant Pellets —nearly fifty years ago.

Old Looks?

(BY DR. L. H. SMITH)

Persons suffering from too much uric acid in the system frequently look older than they should. They age faster and the appearance of gray hair or baldhead in early years is, indeed, often a sign of uric acid. The face appears lean and haggard, lines and wrinkles appearing in young men or women.

The best way to combat this premature age and the obstruction to the arteries and faulty circulation is of the simplest: Drink copiously of pure water between meals. This will not make you fat, as it is only the water taken with the meals that fattens. Obtain at any drug store a small package of Anuric, which is to be taken before meals, in order to expel the uric acid from the system. The painful effects of backache, lumbago, rheumatism, gout, due to uric acid in the blood should quickly disappear after treatment with Anuric.

PIMPLY? WELL, DON'T BE!

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, the bowels and the liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel—there's never any sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with "a dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result.

Take one or two nightly for a week. See how much better you feel and look. 10c and 25c per box. All druggists.

DON'T SUFFER WITH NEURALGIA

Musterole Gives Delicious Comfort

When those sharp pains go shooting through your head, when your skull seems as if it would split, just rub a little Musterole on the temples and neck. It draws out the inflammation, soothes away the pain, usually giving quick relief.

Musterole is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister.

Many doctors and nurses frankly recommend Musterole for sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet—colds of the chest (it often prevents pneumonia). It is always dependable.

AGREEABLE ADDITION MADE BY COLLECTORS YESTERDAY.

MORE THAN HALF RAISED

If Maryville Citizens Get Behind the Movement Campaign is Bound to Be Successful.

An agreeable addition to the band fund was made yesterday and this morning with but a few hours work. There will be a continuance of the soliciting until the entire sum is raised. No objections were received and many new subscribers to the fund insisted that the band must not leave Maryville.

Pearson, member of the special band fund committee, from the city. More than half of the fund has been raised. CITY MANAGER BILL TO PASS

Chairman of Legislative Committee Sends Word to Commercial Club of Progress of Measure

That the City Manager bill for cities of the third class in Missouri will receive favorable attention and probable action at the hands of the senate at Jefferson City seems evident from a telegram received by the Commercial Club today. It came from L. B. Landman, chairman of the legislative committee of the City Manager League. It follows:

"Can get city manager bill through house, can get it out of senate municipal committee. Wire your own and each senator."

This is of interest to Maryville citizens because of the fact that this city comes within the scope of the third class limit and will be in a position to adopt the new form of government.

A telegram signed by several citizens interested in the success of the measure will be sent tonight.

COUNT ZEPPELIN DEAD

Inventor of First Practical Dirigible Balloon Dies of Pneumonia at Home Near Berlin.

Special to The Democrat-Forum.

Washington, Mar. 9.—Grief over the failure of his dreadnaughts to bring the war to a speedy ending, and sorrow at the loss of the lives of noncombatants in the air raids on England hastened the death of Count Ferdinand Zeppelin, who died yesterday morning at Charlottenburg, near Berlin. His illness was caused by pneumonia.

Count Zeppelin became famous at the age of 70 as the builder of the world's first practical dirigible balloon. On his seventy-fifth birthday anniversary, he navigated his twentieth airship to celebrate the occasion. But before he achieved fame, he had devoted a half century of his life, exhausted a personal fortune of $750,000 and sacrificed a brilliant career as a German cavalry leader in conquering the air.

Mrs. Preston Seafers and Mrs. Cooper Gooden visited in Savannah today.

SPRING PLANTING

HERE ARE SOME HOMES THAT HAVE MODEL LAWNS.

ALL OF AVERAGE SIZE

If You Have A Well-Kept Lawn 'Phone Us and Your Name Will Be Listed.

The time will soon be right for the spring planting, for determining what shall be done with the back yard and the front yard. The lawns must be carefully tended in order to yield their full measure of greenness and velvetiness. Then there is the planting to look forward to. Home owners interested have already decided what shrubs and plants they will grow for the coming season, but perhaps they have not quite determined upon a plan for planting.

A walk through the residence district of Maryville will reveal a number of beautifully arranged lawns and artistically planted shrubs. A list, which is not exhaustive by any means has been prepared by an interested person, who considers the planting plans used at these homes, worthy of consideration and inspection. Here are the residences:

Dr. W. M. Wallis, Jr., 311 West First street.

L. E. Forsyth, 941 West Third street.

W. A. Rickenbrode, 933 West Third street.

W. G. Price, 221 West Thompson street.

W. J. Toel, 204 East Thompson street.

G. H. Colbert, 223 East Seventh street.

J. R. Brink, 317 East Sixth street.

Joseph Jackson, Jr., 421 South Main street.

Ralph Eversole, 303 South Buchanan street.

F. M. Martin, 222 West Cooper street.

C. H. Belting, 1005 North Oak street.

The above properties are those of the common small size. No inclusion is made of the larger properties which vary in their planting from a wilderness of trees and a tangle of shrubbery to a bare unattractive landscape where no planning is used at all. Many of these large properties, however, are beautiful even if they do lack any systematic plan.

If you have an attractive lawn and consider your garden designs worthy of mention, tell us about it and we shall be glad to mention your name for the benefit of those who will begin lawn decoration this season.

STATE NORMAL FUND CUT

House Passes Bill Allowing Maryville Total of $153,000 of $30,000 Less Than Recommended.

Jefferson City, Mar. 9.—The educational appropriation bill, as it passed the house, allows the Maryville Normal a total appropriation for the 1917-18 period of $153,000, which is some $30,000 less than the junketing committee recommended. But practically all Missouri educational institutions, from the university down, with the single exception of the School of Mines at Rolla, enacted the role of Mother Hubbard this session. When they went in search of appropriations, they found a bare cupboard.

The Maryville Normal will get $130,000 for salaries, as against $132,000 two years ago; $12,000 for coal, supplies and equipment as against $17,500 two years ago; $1,000 for campus as against $2,500 two years ago, and $7,000 for farm buildings and equipment as against $12,000 two years ago. The library appropriation is left the same as for 1915—$3,000.

A STORY FROM NODAWAY

Missouri Woman, March Number Contains An Account of December "Get-Together" Meeting.

The following article was in the Missouri Woman, March number, and gives an account of the "get-together" meeting, held in Maryville for the club women of Nodaway county, December 9, 1916:

One hundred and forty-two club women responded to the invitations sent out by the club women of Maryville to attend the "get-together" and "friendship" meeting which was held December 9, in the rest rooms in the court house.

The affair was arranged for Saturday as a winding up of the Rebate week which was conducted all week by the merchants of Maryville, and also for the purpose of broadening the field of club work, both in town and county.

The hostesses for the afternoon were the women of the Daughters of the American Revolution, members of the Twentieth Century club, I. X. L. Embroidery club, Penelope Embroidery club, P. E. O. chapter and the Mutual Improvement Circle.

From the time the reception started—a little after 1 o'clock—until its close at 5:30 o'clock a constant throng of women visited the rest rooms. They admired the decorations, which were suggestive of the coming Christmas time without having the appearance of "rushing the season." They enjoyed the tea, which was served by the city women beneath the soft light of the candles on the table.

But, above all, the opportunity to meet the city club women, to enjoy a social chat, to exchange views on the topics of the day, and to feel that Saturday was a "red letter day" in Nodaway county club history—these were the things that counted with the visitors and made them glad that they and arranged their business so that they might be present.

The city club women are elated over the success of their plan and feel amply repaid for the work done. They consider it a good omen that over half of the invitations they sent out met with a warm response from the country women, and they believe that a new era in organized club work has dawned for Nodaway county.

SECRETARY TUMULTY PROMISES TO LET SENATORS KNOW SOON

Senate Changes Rules By A Vote of 76 to 3—Discussion May Be Limited by Two-thirds Vote.

Special to The Democrat-Forum.

Washington, Mar. 9.—Speaker Clark got in touch with Secretary Tumulty this afternoon and asked him if he would learn whether or not there was going to be an extra session. He told him that it was imperative that a statement of the President's intentions in this regard be communicated to the members of both houses at once. Many members, he said were "up in the air," not knowing whether they were going to get to go home. Tumulty promised to let the speaker know the wishes of the President as soon as possible.

The state department is still without official word this afternoon of the reported realease of the Yarrowdale prisoners, but that they have been liberated is indicated in a cable to Ambassador Willard made public this afternoon.

Washington, Mar. 9.—By a vote of 76 to 3, the Senate passed an amendment to the Senate's rules, giving two-thirds of its members power to prevent filibusters and to limit debate. Senators Gronna, La Follette and Sherman voted against the measure. The voting followed a long debate on the question.

Senator Hardwick said he would vote for the resolution reluctantly, because it strikes down 'the last citadel against despotic, autocratic power," in the president.

Senator Townsend, criticising the president for issuing his statement on March 4, declared he also would vote for cloture reluctantly.

"If the question was other than of international importance and the executive had criticised the senate as he did, senators would possibly propose an investigation," he said. "I regard it as little less than an outrage, that the executive should have used such language in characterizing the senate, or senators. It was unjust, undignified, and almost unconstitutional on the part of the president."

The Michigan senator said he believed an extra session should have been called by the president to begin March 5. The president's statement, he asserted, was "unwise, unfortunate, unjust, and I believe unconstitutional."

Senator LaFollette declared that when the power to free debate in the senate is taken away "you let loose forces that will be heard elsewhere if not here."

He said congress in the last three years had become a rubber stamp for the executive.

"With this sort of rule and an iron hand laid on this body from outside," he said, "with congress reduced in the last three years to little less than a rubber stamp, do you not think this sort of cloture would be pretty effective? Believing that I stand for democracy, for the liberty of the people of this country, I shall stand while I am a member of this body against any cloture that imposes limitation on debate in this body."

Expecting Extraordinary Session.

Washington, Mar. 9.—Members of both houses today had themselves in readiness for quick action in response to Wilson's call for an extraordinary session.

YOUR FRECKLES

Need Attention in March or Face May Stay Covered.

Now is the time to take special care of the complexion if you wish it to look well the rest of the year. The March winds have a strong tendency to bring out freckles that may stay all Summer unless removed. Now is the time to use othine—double strength.

This prescription for the removal of freckles was written by a prominent physician and is usually so successful that it is sold by druggists under guarantee to refund the money if it fails. Get an ounce of othine—double strength, and even a few applications should show a wonderful improvement, some of the smaller freckles even vanishing entirely.

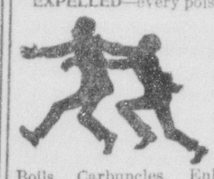
EXPELLED—every poison and impurity of your blood, by Dr. Pierce's Golden Medical Discovery. Then there's a clear skin and a clean system. Tetter, Saltrheum, Eczema, Erysipelas, Boils, Carbuncles, Enlarged Glands, Swellings, and all Blood and Skin Diseases, from a common blotch or eruption to scrofula, are benefited by it.



In building up needed flesh and strength of pale, puny, scrofulous children, nothing can equal it. In liquid or tablet form.

FOR GOOD HEALTH AND LONG LIFE

Do not eat meat more than once a day. Drink plenty of pure water, exercise outdoors, and take a pleasant laxative at least once a week. Such a one is made of May-apple, root of jalap, juice of aloes, sugar-coated, and first made up and sold as Dr. Pierce's Pleasant Pellets —nearly fifty years ago.

Old Looks?

(BY DR. L. H. SMITH)

Persons suffering from too much uric acid in the system frequently look older than they should. They age faster and the appearance of gray hair or baldhead in early years is, indeed, often a sign of uric acid. The face appears lean and haggard, lines and wrinkles appearing in young men or women.

The best way to combat this premature age and the obstruction to the arteries and faulty circulation is of the simplest: Drink copiously of pure water between meals. This will not make you fat, as it is only the water taken with the meals that fattens. Obtain at any drug store a small package of Anuric, which is to be taken before meals, in order to expel the uric acid from the system. The painful effects of backache, lumbago, rheumatism, gout, due to uric acid in the blood should quickly disappear after treatment with Anuric.

PIMPLY? WELL, DON'T BE!

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few nights.

Cleanse the blood, the bowels and the liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel—there's never any sickness or pain after taking them.

Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating.

No one who takes Olive Tablets is ever cursed with "a dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Dr. Edwards' Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color.

Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result.

Take one or two nightly for a week. See how much better you feel and look. 10c and 25c per box. All druggists.

Musterole Gives Delicious Comfort

When those sharp pains go shooting through your head, when your skull seems as if it would split, just rub a little Musterole on the temples and neck. It draws out the inflammation, soothes away the pain, usually giving quick relief.

Musterole is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister.

Many doctors and nurses frankly recommend Musterole for sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet—colds of the chest (it often prevents pneumonia). It is always dependable.
